

Turn on Bluetooth on your mobile & search, **Headfox Smart Helmet N2** & connect.

Blue LED blinks fast if connected
Blue LED blinks slow if not connected

IMPORTANT FEATURES

POWER ON / OFF

Press & hold the **Multi Function Button (MFB)** for **3 seconds** until the **Blue light** flashes.

POWER ON
Press & hold 3s

Press & hold the **Multi Function Button (MFB)** for **5 seconds**.

POWER OFF
Press & hold 5s

NOTE: The headset will power off automatically after 5 minutes without connection.

NAVIGATION

Search your destination in maps through voice command or from phone. Now start navigation in your mobile & keep it on unmute. The helmet will then speak directions.

NOTE: Experiencing network stuttering while listening music or making a call, is likely because of high frequency waves & roadside jammers. Don't worry, your helmet is in perfect condition.
